

The full list I provided you has all sorts of information about why you need a particular item and explains some of your options. I thought that a simple checklist would be useful as well!

Specialty Reagents

- 36oz/4 cups/1 kg/1000 ml Soda Ash
- 2 oz/57 g of the following 7 Procion MX Fiber Reactive Dyes

Triad Name	Code	Color Index Name	Dharma's name	PROchem's name
Brights	yellow MX-8G	yellow 86	PR1 lemon yellow	#108 sun yellow
	red MX-5B	red 2	PR12 light red	#305 mixing red
	turquoise MX-G	blue 140	PR25 turquoise	#410 Turquoise
Naturals	yellow MX-GR	yellow 7	PR3 golden yellow	#112 Tangerine yellow
	red MX-8B	Red 11	PR13 fuchsia red	# 308 fuchsia
	blue MX-G	blue 163	PR23 cerulean blue	#406 intense blue
For shades and tones you'll need a black. I use PROchem, since blacks are mixes, not single hues, there's not a direct match at Dharma. It's not a big deal to use another black, pick one and keep it constant!			PR250 Jet Black	#609 Deep Black

Fabric

- 10-20 yards/meters of bleached PFD Fabric
- 60" square of heavier white fabric (home dec weight or felt) for the backing of the "Candiotic Table"
- 5 yards fusible webbing (like wonder under)
- 2-3 Sheets of Fusible Ink-Jet-Printable Fabric

Specialized Tools

- Scale
- Blender

Other Tools

- 18 small-ish plastic containers (recycled dairy containers are perfect)
- 5-10 Larger plastic containers for dyeing greater than 1 yard of fabric (dishpans/kitty litter pans)
- 3 buckets for rinsing (5 & 10 gallon buckets)
- 7 secure containers for dye (I use recycled water bottles with "sports squirter tops")
- Various sizes of liquid measuring tools. I suggest:
 - (3) 1-2 ml syringes
 - (3) 5 ml syringes
 - (3) 10 ml syringes
 - 25 ml Graduated Cylinder
 - 50 ml Graduated Cylinder
 - 100 ml Graduated Cylinder
 - 250 ml/1 cup measure
 - 1000 ml/4 cup measure
- 3-6 Containers that hold ~ 500 ml/2 cups to hold mixed dyes. (Large disposable cups)
- Many small, light containers to measure dye powder and hold small amounts of mixed dyes (bath cups)
- 7 Small spoons to scoop dye powder

Fabric processing

- Rotary cutter and mat
- Pinking Rotary cutter (optional, but it decreases the amount of tangling threads during washout)
- Synthrapol or laundry detergent without bleach
- Tyvec for labels (recycle mailing envelopes)
- Stapler
- 3 colors of water proof markers, red, black and blue
- Iron & ironing board
- Microwave (optional)
- Clock/timer
- 3-ring binder

Safety Supplies

- Latex/rubber gloves
- Particulate filter mask
- Apron/old clothes
- Dye measuring box
